

Repairman - Utility System Maintenance

Under close supervision, provides manual labor in the repair and maintenance of B & B WSC water systems. Assists in replacing and repairing water lines, making water taps, operating and repairing pump stations, installing, repairing and reading meters, and other duties as assigned.

Qualifications

Must have a High School Diploma or G.E.D. Must have knowledge of common safety precautions necessary in the area of work assignment, physical strength and agility to do strenuous laboring tasks under varying weather conditions, and have the ability to learn how to operate backhoes, track hoes, trenchers, and various equipment. Must have and maintain a valid Texas Motor Vehicle Class "C" License, and have the ability to obtain a Class "B" CDL License. Must have and maintain a satisfactory driving record. Must attend training courses and have the ability to receive and maintain a Class "C" Water Distribution License issued by the Texas Commission on Environmental Quality within two (2) years from hire date. Punctuality and regular attendance are required. Must satisfactorily complete a one-year probation period.

Special Requirements

Ability to climb in and out of ditches of varied depth. Ability to lift a minimum of 100 pounds. Ability to use tools such as cut-off saws, sledge hammers, and other hand tools that require careful handling. Ability to hear, speak and see effectively. Will be exposed to extreme weather conditions. May be exposed to exhaust fumes of vehicles and equipment. Will often work in ditches and trenches filled with water and mud. Ability to work in confined areas such as ditches and trenches.

Miscellaneous Information

Application must be complete to be considered, and can be picked up at B & B Water Supply Corporation, 1501 C N. 45th St., Corsicana Texas, or found on line at <https://bbwater.myruralwater.com>. All jobs require the applicant to pass a criminal history check, thorough background investigation, drug screen, and demonstration of work fitness.
